

KONGIA LC/PC-LC/PC Multimode Duplex Fiber Optic Adapter, 1 Piece

Fiber Optics / Fiber Adapters & Couplers

Passive coupler for multimode LC/PC fiber connections, with two channels in one duplex assembly, sold individually.

ADAPTADOR DE FIBRA ÓPTICA LC/PC
Dúplex (2 canales) • Multimodo

KG-FO-AD-LCP-MM-DX-1

Brand
KONGIA

Product type
Passive optical fiber adapter

Interface
LC/PC-LC/PC

Key features

- LC/PC female interfaces at both ends.
- Duplex: two independent optical channels.
- Passive operation, without electrical power.
- Metal housing for multimode LC/PC connections.
- One piece for replacement or project integration.

Technical specifications

Parameter	Specification
Brand	KONGIA
Product type	Passive optical fiber adapter
Interface	LC/PC-LC/PC
Connection	Female to female
Fiber type	Multimode
Configuration	Duplex

Technical specifications

Parameter	Specification
Optical channels	2
Color	Metal
Housing material	Metal
Power Supply	Not required
Sales unit	1 complete duplex adapter (2 optical channels)
Mounting compatibility	Check the panel and adapter format
Reference standard	ANSI/TIA/EIA-568-C3
Warranty	5 years

Applications

Multimode LC distribution

Multimode fiber interconnections with LC/PC termination.

Distribution panels

Organization of detachable connections in panels with compatible mounting.

Network maintenance

Individual replacement of adapters with the same interface and fiber type.

Detachable test points

Connect a reference patch cord to the terminated fiber during measurements, matching interface, polish and fiber type on both sides.

Packaging & contents

Contents: 1 complete duplex adapter (2 optical channels). Cables and pigtails are sold separately.

Warranty

KONGIA 5-year warranty.

Declared compliance
