Applications

Network Cable Installation

Arrange cables in parallel before completing fastening and termination.

Racks and cabinets

Prepare cable bundles with uniform, easily identified runs.

Cable Maintenance

Reorganize cables by inserting each sideways into the core.

Bundle Preparation

Slide the comb gently to align cables compatible with its channels.

Packaging & contents

1 complete comb with yellow core and blue outer ring, in individual box. Quantity 1 equals 1 complete comb, not a wholesale carton. Approximate individual box: 133 × 133 × 45 mm. Reference wholesale packaging: 80 pieces per outer carton of 455 × 280 × 545 mm. Cables in the photographs are not included.

Warranty

KONGIA 5-year warranty.
