

Cat7 Shielded Toolless Field-Termination Plug — Fork Contacts with Thick Gold Plating and Full Nickel Plating

Structured Cabling / RJ45 Connectors

KONGIA male RJ45 Cat7 field-termination plug, shielded, with blue flexible rear boot. Allows connections with compatible cable to be prepared or repaired without a conventional modular plug crimper. Sold by the piece. Installation requires preparing, arranging and cutting conductors before closure.

PLUG RJ45 CAT7 BLINDADO

Protector posterior flexible azul • Venta por pieza

KNC-RJ45-7-S-TL-BT-1

Product type
RJ45 Plug

Selected category
Cat7

Shielding
Shielded

Key features

- Male RJ45 connector for field-prepared connections.
- Shielded structure for compatible cable and shield continuity.
- Shielded, with blue flexible rear boot.
- Sold by the piece to match the number of connection points.

Technical specifications

Parameter	Specification
Product code	KNC-RJ45-7-S-TL-BT-1
Product type	RJ45 Plug
Selected category	Cat7
Shielding	Shielded
Available colors	Blue

Technical specifications

Parameter	Specification
Interface	RJ45 male
Termination	No conventional crimper required; prepare and cut conductors before closure
Construction	shielded, with blue flexible rear boot
Sales unit	piece
Quantity per package	1 plug
Cable compatibility	Not specified in this datasheet
Link performance	Depends on cabling, components and termination; confirm model documentation before making speed, PoE or certification claims
Dimensions, warranty and certifications	Request current model information when obtaining a quote
Warranty	5 years

Applications

Field Equipment Connections

End preparation for equipment with an RJ45 port and sufficient space for this plug.

Network outlet maintenance

Replacing a termination using compatible cable and testing the completed link.

Access Point Installation

Physical connection of wireless equipment after checking port and cable dimensions.

IP Camera Connections

Equipment-end termination where the enclosure permits; confirm the project's electrical and cabling requirements.

Packaging & contents

1 RJ45 plug. Sold by the piece; quantity 10 means 10 plugs. Individual protection and KONGIA label.

Warranty

KONGIA 5-year warranty.

Declared compliance
