SUS304 Stainless Steel Cable Ties

Professional Installations / Cable Ties

SUS304 metal cable ties with a self-locking ball mechanism for professional fastening outdoors, in telecommunications, industry, trays and poles.

KG-CT-SS304

Product type
SUS304 Stainless Steel Cable Ties

Material
SUS304 stainless steel

Locking system
Self-locking ball mechanism

Key features

- Specified SUS304 stainless-steel construction
- Self-locking ball mechanism and smooth strap without plastic teeth
- Three lengths at 4.6 mm width for compact fixings and large bundles
- Natural steel finish without color coating
- Suitable for telecommunications, industry, poles, pipes and trays
- Bag of 100 pieces for projects and professional inventory
- Installation with a compatible tensioning and cutting tool
- Standard documentation: RoHS, REACH SVHC, CE DoC, CNAS and ISO 9001

Technical specifications

Parameter	Specification
Parent SKU	KG-CT-SS304
Product type	SUS304 Stainless Steel Cable Ties
Material	SUS304 stainless steel
Locking system	Self-locking ball mechanism

Technical specifications

Parameter	Specification
Selectable sizes	4.6 × 200 mm · 4.6 × 300 mm · 4.6 × 500 mm
Color / packaging	Natural steel
Quantity per bag	100 pieces
Installation	Manual or using a compatible tensioning and cutting tool
Primary application	INDUSTRIAL
Market	Installers, integrators, maintenance and professional distribution
Typical use	Industry, outdoors, telecommunications, pipes and trays
Technical status	Strength, temperature, tolerance and flammability subject to final supplier documentation
Standard documentation	RoHS · REACH SVHC · CE DoC · CNAS · ISO 9001
Contents	100 cable ties in the selected size and color; cables and tools not included
Warranty	5 years

Applications

Structured cabling
Organization of routes, links, patch cords and service bundles inside cabinets and telecommunications rooms.

CCTV and security
Securing network, power and control cabling at cameras, boxes, poles and cabinets.

Racks and cabinets
Forming neat bundles to facilitate inspection, maintenance and expansion.

Telecommunications
Securing runs on trays, in conduits, on poles and in technical rooms.

Low voltage
Organization of control, alarm, access, audio and automation conductors.

Packaging & contents

Resealable KONGIA bag with family, size, quantity, material/type and color label. Contains 100 cable ties in the selected combination. Cables, cameras, cabinets and tools shown in images are not included.

Warranty

KONGIA 5-year warranty. Excludes overload, incorrect material or size selection, exposure outside approved specifications, cuts, incorrect tools, reuse of non-releasable products and faulty installation.

Declared compliance

RoHS · ISO 9001 · REACH · CE Compliant · CNAS
