

Professional Tube and Wire Identification Printer

Professional Installations / Cable & Port Labels

Professional 3-in-1 system for printing label tape, PVC tubing and heat-shrink tubing in electrical, telecommunications and control projects.

IMPRESORA PARA TUBOS Y CABLES

Cinta, PVC y termocontráctil · Resolución de 300 dpi

KG-LP-TUBE12 PRO

Product type

Professional Tube and Wire Identification Printer

Printing technology

Thermal transfer for professional identification

Compatible media

Label tape / PVC tubing / heat-shrink tubing

Key features

- 3-in-1 system for adhesive tape, PVC tubing and heat-shrink tubing
- 300 dpi resolution for clear conductor and terminal marking
- Speed up to 30 mm/s for higher-volume projects
- Automatic partial cutting for consecutive strips that are easy to separate
- LCD and integrated keyboard for direct work
- Bluetooth and USB for professional field and workstation workflows
- Standard documentation: RoHS, REACH SVHC, CE DoC, CNAS and ISO 9001

Technical specifications

Parameter	Specification
SKU	KG-LP-TUBE12 PRO
Product type	Professional Tube and Wire Identification Printer
Printing technology	Thermal transfer for professional identification
Compatible media	Label tape / PVC tubing / heat-shrink tubing
Maximum width	Up to 12 mm for label tape

Technical specifications

Parameter	Specification
Resolution	300 dpi
Print speed	Up to 30 mm/s
Connectivity	Bluetooth + USB
Screen	Integrated LCD
Cutting system	Automatic partial cutting
Mirror printing	Yes
Power Supply	Rechargeable lithium battery / AC adapter
Adapter	12 V / 3 A
Dimensions	298 × 260 × 100 mm
Weight	2.8 kg approx.
Language	Spanish interface subject to OEM confirmation
Application	Professional identification of cables, ports, equipment and cabinets
Contents	1 printer, starter consumables according to configuration, AC adapter and user documentation
Standard documentation	RoHS · REACH SVHC · CE DoC · CNAS · ISO 9001
Functions subject to confirmation	Codes, software, operating systems and final language
Warranty	5 years

Applications

Structured cabling

Identification of links, patch cords, ports and routes for installation and maintenance.

Optical fiber

Marking patch cords, distribution boxes and trays without confusing routes.

Racks and patch panels

Legible labels for panels, switches, rack units and assets.

CCTV and security

Identification of cameras, power supplies, links and electronic-security cabinets.

Control and automation

Marking PVC and heat-shrink tubing for conductors, terminals and cabinets.

Packaging & contents

1 printer, starter consumables according to configuration, AC adapter and user documentation. KONGIA packaging identified with SKU and handling information. Consumables, tools, cables, equipment and phones shown in application images are not included unless expressly stated in the commercial configuration.

Warranty

KONGIA 5-year warranty. Excludes consumables, normal printhead/cutter wear, incompatible tapes or tubes, impacts, moisture, modifications and faults arising from unapproved software or accessories.

Declared compliance

RoHS · ISO 9001 · REACH · CE Compliant · CNAS
