Universal 5-in-1 Cable Stripper & Cutter for Twisted Pair & Coax

Professional Installations / Network Tools

Universal multifunction 5-in-1 cable stripper and cutter for UTP/STP network cables, flat telephone cables and RG59/RG6 coaxial cables.

KG-NT-ST-5IN1

Compatible Network Cables
UTP / STP / FTP (Cat5e, Cat6, Cat6A, Cat7)

Compatible Coaxial Cables
RG-59, RG-6, RG-7, RG-11

Compatible Telephone Cables
Flat telephone and modular cables 2P / 4P / 6P / 8P

Key features

- Multifunction tool with calibrated slots to strip network, telephone and coaxial jackets in one turn
- Rotary blade adjustable by knob to set the exact cutting depth and protect twisted pairs
- Special guide for RG59, RG6, RG7 and RG11 coaxial cables with a reversible two-step block
- Slot to straighten and untwist network cable pairs before plug insertion
- Compact high-impact ABS body with a long-life return spring
- Lightweight pocket design with a hole for hanging or attaching to a tool belt
- Design intended for professional installation and repetitive use
- Robust construction for field work and network maintenance

Technical specifications

Parameter	Specification
Compatible Network Cables	UTP / STP / FTP (Cat5e, Cat6, Cat6A, Cat7)
Compatible Coaxial Cables	RG-59, RG-6, RG-7, RG-11
Compatible Telephone Cables	Flat telephone and modular cables 2P / 4P / 6P / 8P

Technical specifications

Parameter	Specification
Blade Adjustment	Manual precision micrometer screw
Blade Material	Hardened stainless steel
Body Material	Reinforced high-impact ABS polymer
Dimensions	125 mm x 72 mm x 24 mm
Weight	65 g
Packaging	Individual blister / industrial box packaging with sealed protection. Includes user manual and safety specifications.
Professional Use	versatile preparation of UTP, FTP, STP, telephone and coaxial cable in converged network and CCTV installations
Selection Criteria	Confirm category, connector type, wire gauge, outer diameter and termination procedure before using the tool
Quality Control	Visual, dimensional and functional inspection by production batch
RoHS	Restriction of hazardous substances according to the applicable declaration
REACH SVHC	Assessment of substances of very high concern according to the current declaration
CE DoC	CE Declaration of Conformity available for the applicable product or family
CNAS	Test report issued by a CNAS-accredited laboratory, when included in the batch documentation
ISO 9001	Manufacturer's certified quality management system
Warranty	5 years

Applications

Quick UTP/FTP cable preparation. Clean, uniform outer-jacket removal without nicking or tearing internal conductor insulation.
Helps organize the workflow and verify each termination before putting the link into service.

Mixed network and CCTV installations. Stripping RG6/RG59 coaxial cable for BNC connectors and UTP cable for video baluns with one tool.
Suitable for technicians requiring repeatable, controlled operation in the field or workshop.

Maintenance in confined spaces. Efficient one-handed operation inside distribution cabinets and recessed boxes.
Documenting the result and checking component compatibility before project handover is recommended.

Damaged-end repair
Remove the damaged section and prepare a new end using the correct cable setting, avoiding marks on conductors to be retained.

Packaging & contents

Individual blister / industrial box packaging with sealed protection. Includes user manual and safety specifications.

Warranty

KONGIA 5-year warranty.
