Oxford 1680D

20 × 30 × 5 cm

KONGIA 5-year warranty. Excludes overloading, normal wear, cuts, drops, modification, forced closures, exposure outside specifications, and improper use or storage.

Product overview

More order, less searching: this tool vest for men keeps tools and small accessories within reach during installation and maintenance. The 12 pockets, hammer hook and screwdriver loop provide dedicated spaces to organize your working kit.

High-quality 1680D Oxford fabric and reinforced stitching in high-stress areas are designed for daily work. Front and back air mesh encourages airflow, while adjustable shoulder straps and a waistbelt help achieve a comfortable, secure fit for most body sizes. Check the fit before working.

Suitable for installers, electricians, carpenters, mechanics and gardeners. The black-and-orange finish and KONGIA rubber label complete the new PRO version. Tools, ID card and consumables are not included.

Key features

- Organizational efficiency: 12 pockets, 1 hammer hook and 1 screwdriver loop keep tools organized and within reach.
- 1680D Oxford fabric: high-quality textile with reinforced stitching in high-stress areas for everyday work.
- Comfortable and breathable: front and back air mesh allows airflow and helps perspiration escape during the workday.
- Adjustable design: adjustable shoulder straps and waistbelt help provide a comfortable, secure fit for most body sizes.
- Versatile applications: for carpentry, electrical work, mechanics, gardening, network installation and CCTV work.
- Practical details: front zipper, ID card pocket and reflective strips; black-and-orange finish with a KONGIA rubber label.

Applications

Networks and CCTV - Keep tools and small accessories close during installation and maintenance.

Electrical work and carpentry - Organize hand tools and fixings.

Mechanics and gardening - Practical access to tools during service tasks.
